1 February 2010, Prague

### Letter of Recommendation

Vojtech Brtnik is an outstanding student, whose creativity and managerial skills have brought a worldwide audience to the Prague Writers' Festival website {[www.pwf.cz](http://www.pwf.cz)}.

For the past four years, Vojtech Brtnik has been working as our Webmaster, Software Developer, and Network Administrator—responsible for the technical background of the Festival.

His diligence, perception, as well as the application of languages and design in the spheres of Internet broadcasting are exceptional—extending far beyond his appointed responsibilities.

A systematic, goal-seeking person, Vojtech always knows what he wishes to achieve. He demands new challenges—new associations. Studying fulltime—with two majors—he has completed all assignments and has never missed a working day.

A splendid candidate for Macquarie University Graduate Program, Vojtech Brtnik is destined for an outstanding career.

I am most pleased to recommend him.

---

Michael March  
President, Prague Writers' Festival  
Professor of Poetry, NYU in Prague
